

REMARKS

Upon receiving the Notice of Omitted Items, Applicant has recognized the error made inadvertently in the section of Brief Description of the Drawings of the Specification as filed. More specifically, the instant application has only nine figures. However, in the Brief Description of the Drawings on page 5 a description of figures 10 and 11 was provided in error.

Applicant respectfully submits that the amendment of the Specification does not introduce new matter.

Respectfully submitted,

11/13/2003
